

Senorita Tonight

I'm a working man Don't have a plan
I Work all day Just to get my pay
I hide my troubles till the evening sun
Then I take me out to have some fun

Senorita tonight
Wont you stay till it gets light
Senorita tonight
Wont you make me feel alright

I don't know why I do it this way
When things come down I don't have much to say
I see the world through different eyes
I see my own way through the truth and the lies

Well this Old World keeps spinning round
And the hand of fate picks you up and down
Just keep a smile upon your face
And you will see Just who's on your case
